© Who We Are?

The Institute of Management Consulting, IMC Armenia, is a not-for-profit organization registered in December 2011.

The readiness of Armenian consultants meeting international professional standards, combined with support from EBRD BAS Armenia to promote international best practices in Armenia, triggered an active group of local consultants to unite their efforts in developing the Business Development Services market in Armenia.

One of our primary goals is to obtain membership to the International Council of Management Consulting Institutes (ICMCI), enabling IMC Armenia to deliver the prestigious, internationally-recognized Certified Management Consultant (CMC) accreditation.

Currently, IMC Armenia unites 40 members who share the Institute's Code of Conduct and who provide consulting and training services in a variety of fields.
